TOPBAND will provide the following services (this guarantee does not include the normal wear and tear of the product).

质保期内的产品，由于产品本身质量问题导致产品不能正常使用，客户应以附件表格《产品声明信息清单》形式向拓邦提供产品信息，拓邦将提供以下服务（本保证不包括产品的正常损耗）。

5.3 Product replacement 产品更换

If the abnormal product is determined by TOPBAND to have no repair value, TOPBAND will provide the following two solutions. The specific choice shall be made after consultation

between the customer and TOPBAND.

Plan 1: Replace with new products. If the abnormal products have been discontinued by TOPBAND, new products with similar performance/functions can be provided for replacement.

Plan 2: The depreciated value of the product (i.e., residual value) is recorded in the cost of purchasing the new product, and the residual value is deducted from the payment for the new product when the new product is purchased; The above purchase price refers to the price listed on the invoice; The service life and depreciation value of specific products are shown in the following table.

若异常产品经拓邦认定无维修价值，则拓邦提供以下2种方案，具体由客户与拓邦协商后选择：
 方案1：使用新产品替换，若异常产品拓邦已停产，可提供性能/功能相近的新产品替换；
 方案2：将该产品的折旧价值（即剩余价值），记入购买新产品的成本中，在购买新产品时，以剩余价值抵扣货款；上述采购价格是指发票上的标价，具体产品使用年限与折旧价值如下表：

Months Since Purchase	Depreciated Value
0≤Year<1	100%
1≤Years<2	90%
2≤Years<3	80%
3≤Years<4	70%
4≤Years<5	60%
5≤Years<6	50%
6≤Years<7	40%
7≤Years<8	15%
8≤Years<9	5%
9≤Years<10	1%

For example, If the value of a product is 1000, if the product cannot be used and cannot be repaired due to the TOPBAND problem, and the shipment time of the product is within 2 years, its residual value is 800, and the 800 can be used as the customer's credit for the purchase of new products.

例如：以1台产品价值1000计算，若该产品因拓邦问题导致无法使用，且无法维修，该产品出货时间在2年内时，则其剩余价值为800，该800可以作为客户购买新产品的抵扣货款；

For products that are replaced or repaired free of charge, the warranty period will continue the residual of the initial warranty period. For example, if an anomaly occurs 5 year and 5 months after the shipment of a defective product, the warranty period is 4 year and 5 months instead of 10 years after the free replacement or repair. For depreciated newly purchased products, the warranty shall be calculated according to the new product;

对于免费更换或者维修的产品，将继续执行剩余的初始质保期，例如：一台不良产品出货5年5个月后发生异常，在免费更换或者进行维修后，质保期为4年5个月，而非10年；对于折旧新购产品，质保按新产品计算；

5.4 Services beyond the warranty period 超出质保期的服务

For products that exceed the warranty period or scope, or are unable to be used normally due to faults caused by the customer's own reasons, TOPBAND can provide paid service to customers, including providing spare parts or returning repairs. For specific details, please consult the relevant customer service and the specific situation will be determined.

超出质保期或质保范围外，或者是由于客户自身原因导致故障不能正常使用的产品，拓邦可为客户提供有偿服务，包括提供配件或返修，具体需咨询相关客服，根据具体情况而定。

5.5 Explanation of after-sales expenses 售后费用说明
